******* Schedule ******

DAY 1	
9.00 AM	Welcome and Opening
9.20 – 10.30 AM	Keynote 1: Jim Herbsleb
10:30 - 11:00 AM	BREAK
11:00 - 12:30 PM	Session 1: *Process Adaptation and Tailoring* • Djamel Eddine Khelladi, Reda Bendraou, Regina Hebig, Marie-Pierre Gervais: **Supporting the Co-adaption of Process Properties** • Rory O'Connor, Peter Elger, Paul Clarke: **Exploring the impact of situational context – A case study of a software development process for a microservices architecture** • Christian Prause: **Critical Software Processes - An Analysis of Differences in Four Domains**
12:30 - 2:00 PM	LUNCH BREAK
2:00 - 3:30 PM	Session 2: *Process Tooling and Simulation* • Regina Hebig, Jesper Derehag: **How do Process and Team Interaction Depend on Development Technologies?** • Tobias Baum, Fabian Kortum, Kurt Schneider, Arthur Brack, Jens Schauder: **Comparing Pre Commit Reviews and Post Commit Reviews Using Process Simulation** • Andreas Demuth, Markus Riedl-Ehrenleitner, Roland Kretschmer, Alexander Egyed: **Towards Efficient Risk-identification in Risk-Driven Development Processes**
3:30 - 4:00 PM	BREAK
4:00 - 5:30 PM	Session 3: *Effort, Cost, and Measurement* • Binish Tanveer, Liliana Guzmán, Ulf Martin Engel: **Understanding and improving effort estimation in agile software development- an industrial case study** • Anandi Hira, Shreya Sharma, Barry Boehm: **Calibrating COCOMO® II for Projects with High Personnel Turnover** • Hennie Huijgens, Magiel Bruntink, Arie van Deursen, Frank Vogelezang: **An Exploratory Study on Functional Size Measurement based on Code**
7 PM	Social Event

DAY 2	
9.15 – 10.30 AM	Panel Session
10:30 - 11:00 AM	BREAK
11:00 - 12:30 PM	Session 4: *Process Design and Improvement* • Philipp Diebold, Simon Andre Scherr: **Software Process Models vs. Descriptions: What do Practitioners use and need?** • Guoping Rong, He Zhang, Dong Shao: **CMMI Guided Process Improvement for DevOps Projects: An Exploratory Case Study** • Paul Clarke, Rory O'Connor, Brian Leavy: **A Complexity Theory viewpoint on the Software Development Process and Situational Context**
12:30 - 2:00 PM	LUNCH BREAK
2:00 - 3:30 PM	Session 5: *System Evolution and Regulated Domains* • Gilbert Regan, Fergal McCaffery: **Research Findings from an Industrial Trial of a Traceability Assessment and Implementation Framework** • Hennie Huijgens, Arie van Deursen, Rini Van Solingen: **Success Factors in Managing Legacy System Evolution: A Case Study** • Kitija Trektere, Fergal McCaffery, Marion Lepmets, Grainne Barry: **Tailoring MDevSPICE® for Mobile Medical Apps**
3:30 - 4:00 PM	BREAK
4:00 - 5:00 PM	Keynote 2: Bill Curtis
5:00 - 5:15 PM	Closing Session
